

## Practice 4

### I. Subtract.

(a)

Subtract 5 from 10.

$$12 - 5 = 2 + \underline{\hspace{2cm}}$$

$$\begin{array}{r}
 12 - 5 = \underline{\hspace{2cm}} \\
 \swarrow \quad \searrow \\
 2 \quad \quad 10
 \end{array}$$

(b)

Subtract 9 from 10.

$$15 - 9 = 5 + \underline{\hspace{2cm}}$$

$$\begin{array}{r}
 15 - 9 = \underline{\hspace{2cm}} \\
 \swarrow \quad \searrow \\
 5 \quad \quad 10
 \end{array}$$

## 2. Subtract.

(a)

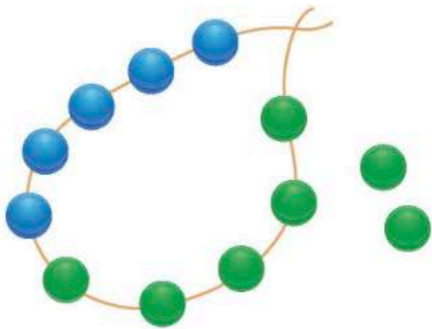

Subtract 1 from 12.

$$12 - 7 = 10 - \underline{\quad}$$

$$\begin{array}{r} \textcircled{12} - 7 = \underline{\quad} \\ \quad \swarrow \searrow \\ \textcircled{1} \quad 6 \end{array}$$

(b)

Subtract 2 from 12.

$$12 - 7 = 10 - \underline{\quad}$$

$$\begin{array}{r} \textcircled{12} - 7 = \underline{\quad} \\ \quad \swarrow \searrow \\ \textcircled{2} \quad 5 \end{array}$$

(c)

$$\begin{array}{c} \textcircled{12} - 4 = \underline{\hspace{2cm}} \\ \quad \swarrow \quad \searrow \\ \textcircled{2} \quad 2 \end{array}$$

(d)

$$\begin{array}{c} \textcircled{11} - 3 = \underline{\hspace{2cm}} \\ \quad \swarrow \quad \searrow \\ \textcircled{1} \quad 2 \end{array}$$

(e)

$$14 - 6 = \underline{\hspace{2cm}}$$

### Practice 3

I. Solve the problems.

(a) Count each type of fruit and write the numbers.

Apples	5
Oranges	<input type="text"/>
Pears	<input type="text"/>

How many pieces of fruit are there in all?

$$\square \bigcirc \square \bigcirc \square = \square$$

There are \_\_\_\_\_ pieces of fruit in all.

(b)

Baseballs	5
Footballs	6
Basketballs	8

How many balls are there in all?

$$\square \bigcirc \square \bigcirc \square = \square$$

There are \_\_\_\_\_ balls in all.

(c)

Apples	5
Oranges	?
Pears	4

There are 16 pieces of fruit in all.

How many oranges are there?

$$\square \bigcirc \square \bigcirc \square = \square$$

There are \_\_\_\_\_ oranges.

(d)

Baseballs	5
Footballs	6
Basketballs	?

There are 19 balls in all.

How many basketballs are there?

$$\square \bigcirc \square \bigcirc \square = \square$$

There are \_\_\_\_\_ basketballs.

Solve the problems.

2. 8 children are playing.

2 boys and 3 girls join them.

How many children are there now?

$$\square \bigcirc \square \bigcirc \square = \square$$

There are \_\_\_\_\_ children now.

3. Nicole buys 15 pencils.

She gives some away and has 9 pencils left.

How many pencils does Nicole give away?

$$\square \bigcirc \square = \square$$

Nicole gives away \_\_\_\_\_ pencils.
