

Chapter 8

Number Bonds

Look and talk.

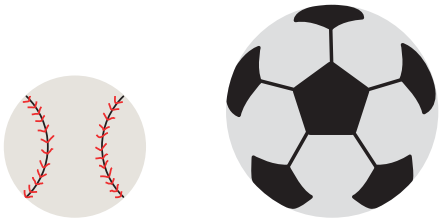

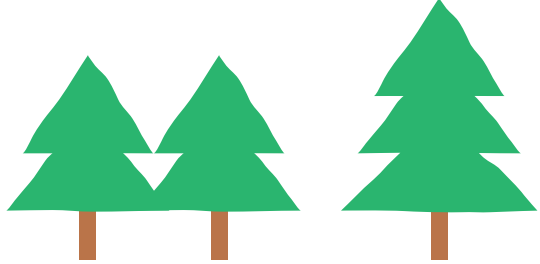

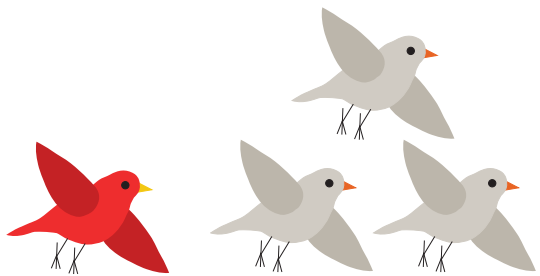

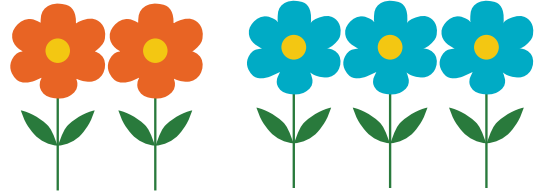

Lesson 1

Putting Numbers Together — Part 1

1

How many in all?

  1 and 1 make <input type="text"/>	  2 and 1 make <input type="text"/>
  1 and 3 make <input type="text"/>	  2 and 3 make <input type="text"/>

Objective: Count to find how many objects there are altogether.

Lesson 2

Putting Numbers Together — Part 2

2

Look and talk.
How many altogether?

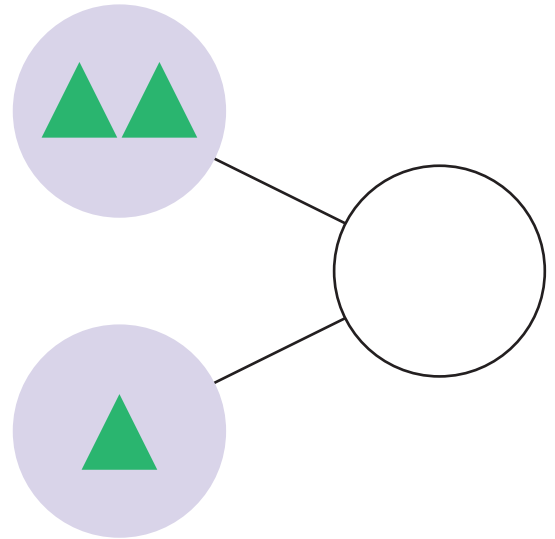

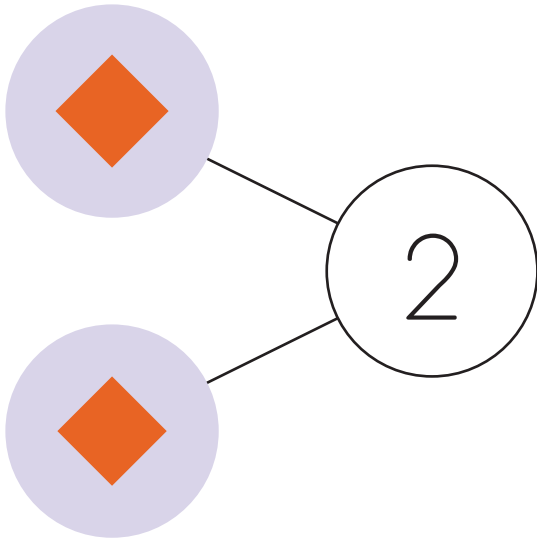

Objective: Count and model two sets for each item to find how many altogether.

Lesson 3

Parts Making a Whole

3

Complete the number bonds.
The first one is done for you.

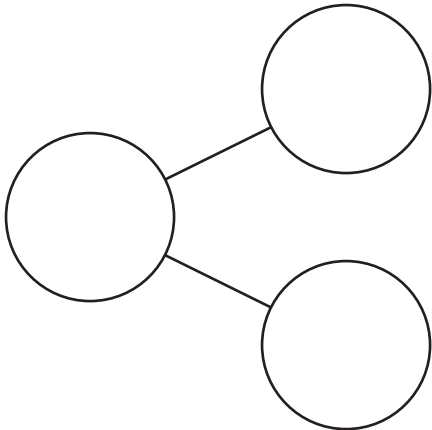

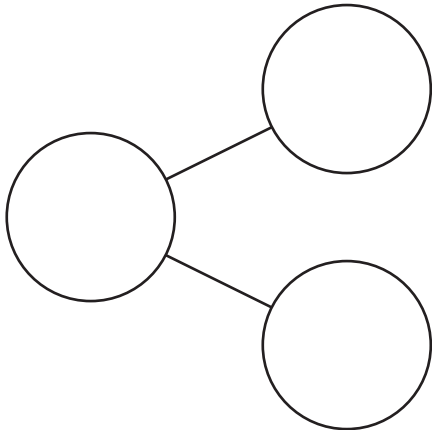

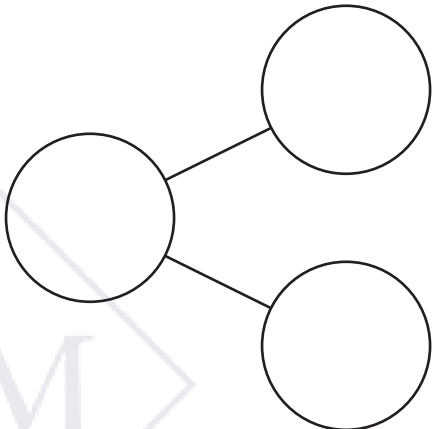

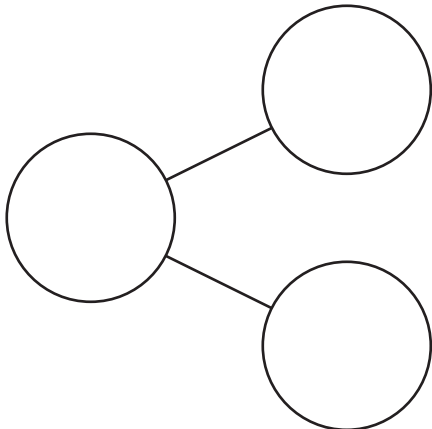

Objective: Join two parts to make a whole.

Draw more to make 5.
Complete the number bonds.

Objective: Find pairs of numbers that make 5.

Complete the number bonds.

 	 
 	 

Objective: Find pairs of numbers that make 8.

Complete the number sentences.

$$\square + \square = \square$$

$$\square + \square = \square$$

$$\square + \square = \square$$

Objective: Put together to add.

Complete the number sentences.

$$3 + 2 = \square$$

$$5 + 2 = \square$$

$$6 + 2 = \square$$

Objective: Practice.

Lesson 3

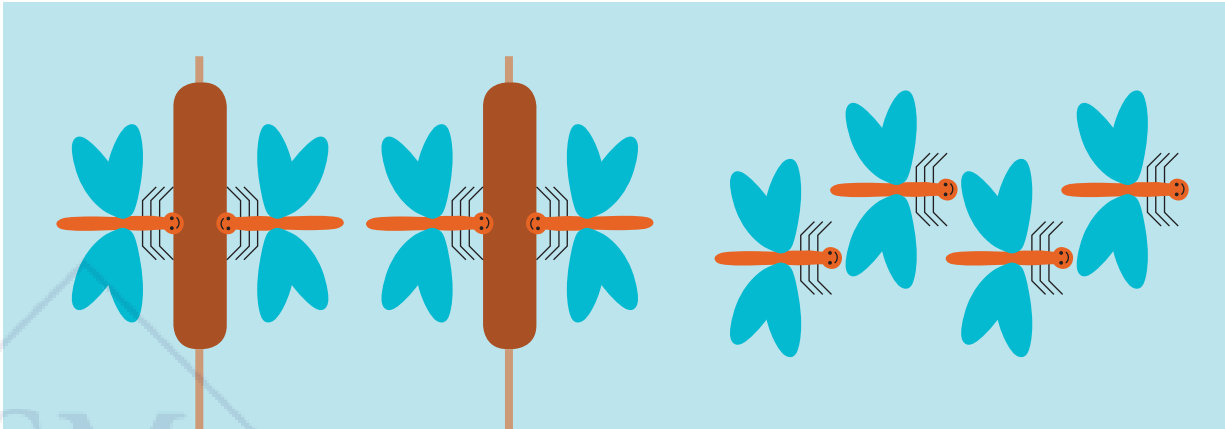

Take Away to Subtract — Part 3

3

Complete the number sentences.

$$\square - \square = \square$$

$$\square - \square = \square$$

Objective: Write subtraction sentences.

Lesson 4

Add to or Take Away

Complete the number sentences.

There are 5 hot air balloons.
2 hot air balloons are flying away.
How many are left?

$$\square \bigcirc \square = \square$$

There are 5 bats resting.
2 more bats are coming to join them.
How many bats are there now?

$$\square \bigcirc \square = \square$$

Objective: Know when to add and subtract in number stories.

Complete the number sentences.

How many owls are there altogether?

$$\square \bigcirc \square = \square$$

Add or subtract.

Complete the number sentences.

$$6 + 2 = \square$$

$$8 - 6 = \square$$

$$7 + 3 = \square$$

$$10 - 7 = \square$$

Objective: Practice.
