- Seeds, baby lima bean, pack
- Seeds, pea, pack
- Bottle, 125 ml (4 oz), natural HDPE plastic
- Test Tube Clamp
- Benedict's Solution, 100 ml

While the kits conveniently contain most of the items you'll need to complete the labs, they do not include some common household items or more expensive items like a microscope, which is recommended for this course.

***Please note this kit has been designed to pair with the student activity manual 5th edition, and will not work with the textbook alone.**

Warning: CHOKING HAZARD - Children under 8 years can choke or suffocate on underinflated or broken balloons. Adult supervision required. Keep uninflated balloons from children. Discard broken balloons at once.
