

Names of Water Bodies

1) The drawing shows **9 water bodies**:

1. waterfall

4. pond

7. cove

2. stream

5. lake

8. channel

3. river

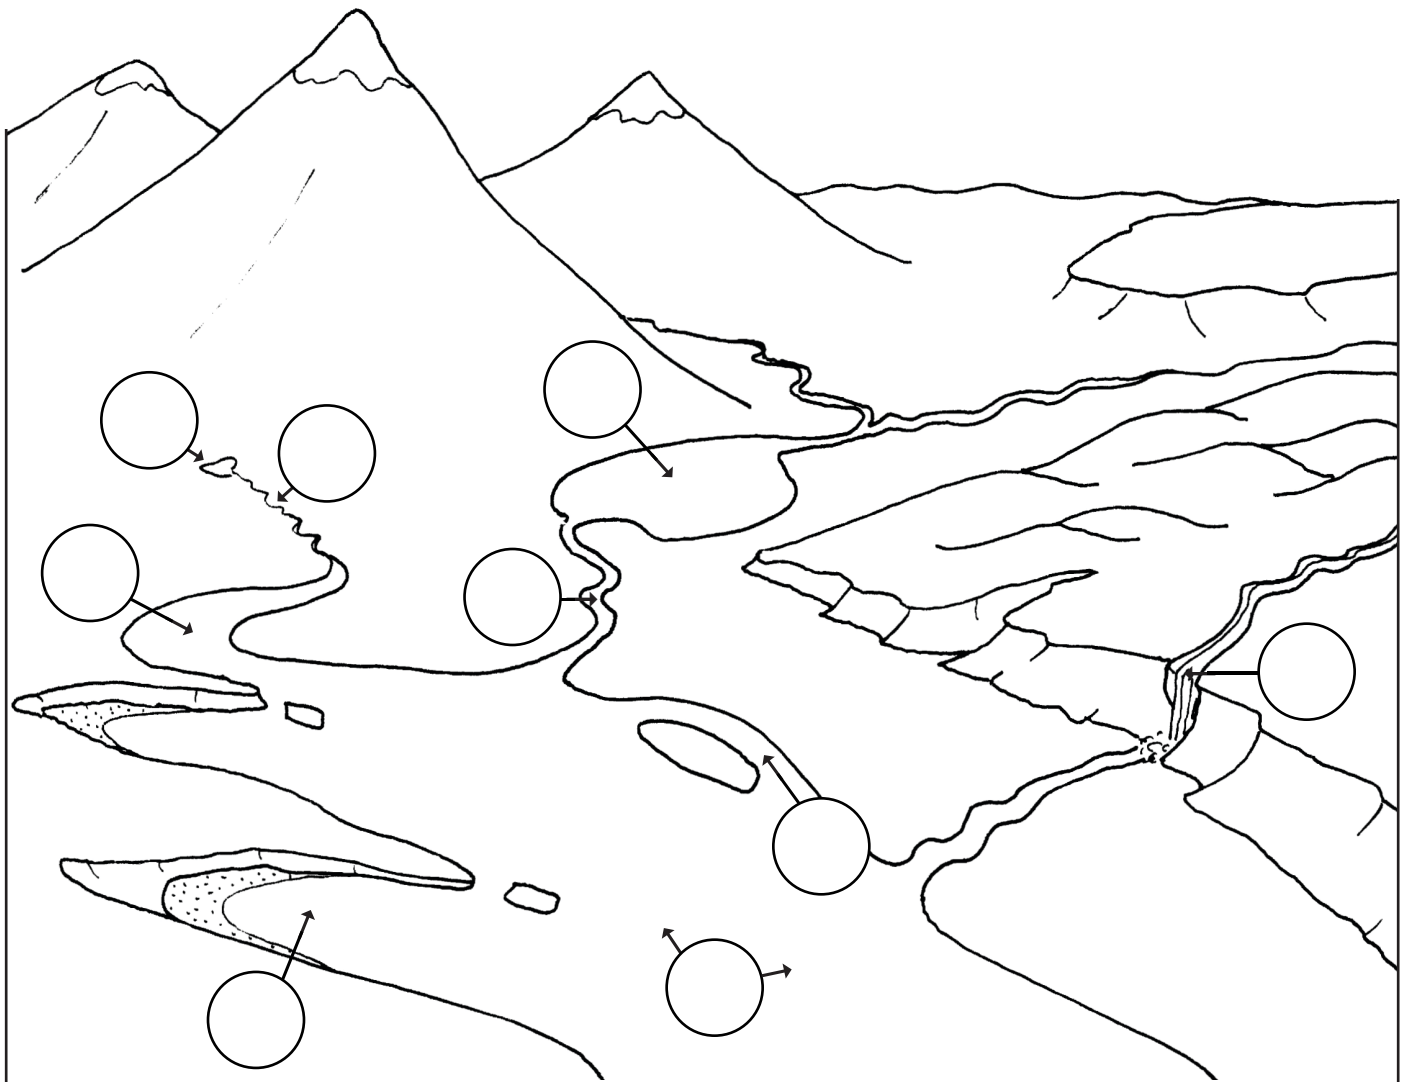

6. inlet

9. bay

2) Beside the name of each water body is a number.
Put this number in its correct circle.

3) Draw another river.

4) Colour the drawing to show the water.

A Landforms Map

Name the **4** landforms and **6** water bodies on the map.
One is already done for you. Use a map of **North America** for help.
