

Table of Contents

SECTION ONE: Exploring Geography

Big Question: How can geographic inquiry and geotechnologies help us ask and answer important questions about the world around us?

- What does Geography have to do with your life?
- Developing a sense of place: Three Key Questions
- Four Important Geographic Concepts
- Aboriginal Peoples and Geographic Thinking
- Critical Thinking in Geography
- Geographic Inquiry
- The Role of Geotechnologies in Geographic Thinking

SECTION TWO: Interactions with the Physical Environment

Chapter 1 – Canada’s Population Patterns

Chapter Question: Where in our vast country do Canadians live – and not live?

- Oh! Canada?
- Big Country, Small Population
- **Zoom In:** Identifying Canadian Communities Using Census Data
- People Patterns and Terminology
- **Viewpoints:** Does It Matter If Areas Far from Large Cities Lose Population?
- **Reflect and Analyze**

Chapter 2 – Exploring Connections: Landforms, Geology, and Human Activities

Chapter Question: How do different landforms and geologic processes contribute to where and how people live?

- Why Do Cities Sprawl Over the Best Farmland?
- Patterns and Processes
- Landform Processes
- **Zoom In:** Drop, Cover, and Hold On!
- **Zoom In:** Plate Motion Calculator
- Rock Cycle
- Glaciation
- Landform Patterns
- Landform Regions of Canada
- **Reflect and Analyze**

Chapter 3 – Exploring Connections: Climate, Soils, and Natural Vegetation and Human Activities

Chapter Question: How do different climate, soil, and natural vegetation regions contribute to where and how people live?

- Climate Change Up Close
- Climate Processes
- **Zoom In:** Reading Climate Graphs
- Climate Regions of Canada
- **Viewpoints:** Which Part of Canada Has the “Nicest” Climate?
- Why Do We Treat Our Soil Like Dirt?
- Soil Processes
- Soil Patterns
- **Zoom In:** Tundra and Climate Change
- Natural Vegetation Processes
- Vegetation Patterns
- **Reflect and Analyze**

Performance Task: Creating Your Own Multi-Factor Regional Map of Canada

SECTION THREE: Resources and Industries

Big Question: How is our future tied to our ability to manage our resources and economic activities effectively?

Chapter 4 – Rethinking How We View and Use Natural Resources

Chapter Question: Should we rethink how we perceive and use our natural resources?

- New Cars for New Times
- What Are Natural Resources?
- Types of Resources
- Resources and the 3Rs
- **Zoom In:** The Rise of Recycling
- **Viewpoints:** Resource Use Then and Now
- Rethinking Our Use of Resources
- We Need a Balanced Approach
- **Reflect and Analyze**

Chapter 5 – Managing Renewable Resources Successfully

Chapter Question: Why must we use our renewable resources in a sustainable way?

- Rethinking Our Seafood Choices
- Ensuring Renewable Resources for the Future
- A Closer Look at Farming
- **Zoom In:** The Business of Farming
- A Closer Look at Forestry
- **Zoom In:** Algonquin Park: An Example of Good Forest Management
- A Closer Look at Fishing
- **Zoom In:** What Happened to the East Coast Cod?
- **Reflect and Analyze**

Chapter 6 – Fresh Water—Canada’s Special Resource?

Chapter Question: Is fresh water our most important resource?

- Who Decides How We Use Our Water?
- The Importance of Water
- Global Water Supply
- Global Water Demand
- Canada's Water Resources
- Water Issues for Canada's (and your) Future
- **Viewpoints:** What Should We Do About Bulk Water Sales?
- **Reflect and Analyze:**

Chapter 7 – Managing Non-Renewable Resources Successfully

Chapter Question: What is the most effective way to manage Canada's non-renewable resources?

- Important...But Always Controversial?
- A Quick Overview of Non-Renewable Resources
- **Viewpoints:** Do We Need to Save Resources for the Future?
- A Closer Look at Fossil Fuels
- **Zoom In:** Should Environmentalists be Fans of Fracking?
- **Zoom In:** So What About Renewable Energy?
- **Zoom In:** Energy Issues
- A Closer Look at Mining
- **Zoom In:** What Next for the Ring of Fire?
- NIMBY or Not: Finding a Balance
- **Reflect and Analyze**

Chapter 8 – Prospects for Canadian Manufacturing

Chapter Question: Can Canada's manufacturing sector recover from its recent decline?

- Do You—and Should We—Try to Buy Canadian-made Products?
- Breaking the Economy Down into Sectors
- Location Factors for Manufacturing
- **Viewpoints:** Should governments give auto companies money?
- **Zoom In:** Matching the Location Factors
- Lost Manufacturing
- **Zoom In:** Plant Closings: One Town's Experience
- Free Trade and Manufacturing
- Manufacturing and Canada's Foreign Trade
- What is Causing the Manufacturing Decline? Is There a Solution?
- **Reflect and Analyze**

Chapter 9 – The Service Sector and Its Role in the Economy

Chapter Question: Do we need to be concerned about the quantity and quality of jobs in the service sector?

- Why Does the Service Sector of the Economy Get so Little Attention?
- Looking at Canada's Biggest Companies
- Why You Will Likely Work in the Tertiary Sector
- It Is All About the Basics (and Non-basics)

- **Zoom In:** Service Businesses—All Shapes and Sizes
- **Zoom In:** What Happens When a Community's Basic Jobs Disappear?
- **Viewpoints:** Is the Tertiary Sector the Most Important or the Least Important Part of the Economy?
- **Reflect and Analyze**

Performance Task: Who Manages Canada's Resources and Industries?

SECTION FIVE: Canada's Changing Population

Big Question: Why are changes in population patterns over time critically important?

Chapter 10 – Canada's Population

Chapter Question: How is Canada's population changing, and why does this matter to your future?

- Understanding Canada's Population Growth
- On an Average Day ...
- **Zoom In:** Trends in Canada's Natural Increase History
- Immigration: A Canadian Tradition
- Canada's Immigration History
- How to Become an Immigrant
- Where Immigrants Settle
- **Viewpoints:** Does Canada Accept Too Many Immigrants?
- Internal Migration
- Dependency Loads and What They Mean for You
- **Reflect and Analyze**

Chapter 11 – Global Population Issues

Chapter Question: How should Canada respond to global population issues?

- Can Governments Control Population Growth? Should They?
- Demographic Change: Problems for Your Future or Opportunities?
- The Demographic Transition Model
- **Viewpoints:** Should Canada Have a One-Child Policy?
- Global Population and Poverty
- Canada's Role in Reducing Global Population Issues
- **Zoom In:** Get on the Carousel With Population Issues
- **Reflect and Analyze**

Performance Task: Challenges of a Changing Population

SECTION SIX: Liveable Communities

Big Question: What makes a community liveable and sustainable?

Chapter 12 – Land Use in Our Cities and Towns

Chapter Question: How do the ways that we use land in our cities and towns relate to liveability and long-term sustainability?

- How Land Use Can Lead to Conflict
- What Makes a Community Liveable?
- Balancing Liveability and Sustainability
- Types of Land Use
- **Viewpoints:** Does Living on the 34th Floor Contribute to Sustainability and Liveability?
- **Zoom In:** Conflicts as a City Evolves
- **Reflect and Analyze**

Chapter 13 –Better Choices Mean Better Communities

Chapter Question: What choices can we make to create liveable and sustainable communities?

- Building Better Communities: Urban Agriculture
- How Do We Balance Liveability and Urban Growth?
- **Zoom In:** Urban Growth Issues in Canada
- Selected Urban Issues
- **Viewpoints:** Eat Locally vs. Eat Globally
- How can Communities Be Made More Sustainable?
- **Viewpoints:** Is Compact Growth Really Better?
- How Do We Build More Effective Transportation Systems
- **Zoom In:** The Big Move in Southern Ontario
- **Reflect and Analyze**

Chapter 14 – Measuring Sustainability and Liveability

Chapter Question: How might we be able to tell if we are creating more sustainable, liveable communities?

- Can We Combine a High Quality of Life with Environmental Sustainability?
- Why Do We Need to Measure Liveability and Sustainability?
- How Do We Measure Liveability and Sustainability?
- **Viewpoints:** Is a Much Smaller Ecological Footprint Part of Canada's Future?
- **Reflect and Analyze**

Performance Task: Where is the “Best Place to Live” in Canada?

Culminating Task: Building a Better Canada: Target 2067

Extras: Skills Tool Kit
