

BIRDS OF NORTH AMERICA

Professor Noggin's card games include **30 Topic Cards** in each box. Each card has **3 easy questions** and **3 hard questions** for a total of **180 questions** in the game. If a question is answered incorrectly, it goes back to the bottom of the card pile. Because the question is decided by the roll of the die, if the same card comes up again, one may or may not get the same question. It's a fun way to learn all about our favourite subjects! Enjoy!

American Kestrel

American Swallow-tailed Kite

Anhinga
