The teacher may print off enough copies of the dictionary pages for each student to use for the course. A copy of all the dictionary pages may also be found on our website: www.masterbooks.com/classroom-aids.

The student may write the word, draw a picture, and write a simple definition for each entry.

The main body of the card is divided into two sections by a horizontal line. Each section contains a set of handwriting lines: a solid top line, a dashed middle line, and a solid bottom line.
