

## New Elementary Mathematics 2 Textbook

### Contents

1. Indices
  - Positive Integral Indices
  - Zero and Negative Integral Indices
  - Indices Involving Variables
  - Standard Form
2. Algebraic Manipulations
  - Special Algebraic Rules for Calculations
  - Expanding Products
  - Factorisation
  - Addition / Subtraction of Algebraic Fractions
  - Multiplication / Division of Algebraic Fractions
  - Fractional Equations
  - Problems Involving Fractional Equations
3. Literal And Quadratic Equations
  - Literal Equations
  - Transformation of Formulae
  - Quadratic Equations
  - Quadratic Factorisation
  - Solving Quadratic Equations by Factorisation
  - Word Problems Leading to Quadratic Equations
4. Word Problems
  - Problems on Rate, Ratio and Percentage
  - Problems Involving Financial Transactions
5. Graphs I
  - The Coordinate Plane
  - Graphs of Linear Equations in Two Variables
  - Simple Applications of Straight Line Graphs
  - Travel Guide
  - Solving Simultaneous Linear Equations by Graphs
  - Quadratic Graphs
6. Simultaneous Linear Equations
  - Simple Elimination Method
  - Elimination Method
  - Substitution Method
  - Word Problems Using Simultaneous Equations
7. Inequalities
  - Sets of Numbers on the Number Line
  - Properties of Order
  - Solving Inequalities
8. Congruent and Similar Triangles
  - Congruent Triangles
  - Similar Triangles
9. Mensuration
  - Sectors
  - Cones and Pyramids
  - Sphere
  - Areas of Similar Figures
  - Volumes of Similar Solids
10. Pythagoras' Theorem and Trigonometry
  - Pythagoras' Theorem
  - Indirect Measure
  - Trigonometrical Ratios
  - Trigonometrical Ratios by Using a Calculator
  - Solution of Right-angled Triangles
  - Applications of Trigonometrical Ratios to Simple Problems
11. Motion Geometry
  - Reflection
  - Rotation
  - Translation
  - Enlargement
  - Combination of Transformations
12. Statistics I
  - Collection and Presentation of Data
  - Reading and Drawing of Bar Graphs
  - Reading and Drawing of Pie Charts
  - Reading and Drawing of Line Graphs and Pictograms
13. Statistics II
  - Frequency Distribution
  - Mean, Mode and Median of Frequency Distributions
  - Types of Averages
14. More Algebraic Manipulations
  - Addition and Subtraction of Polynomials
  - Multiplication of Polynomials
  - Division of Polynomials (Optional)
  - Algebraic Fractions and Fractional Equations
  - Algebraic Manipulation
  - Manipulation of Expressions
