

Table of Contents

A table of contents is like a map. It guides you to the places you want to visit in a book. Pick a subject you want to draw, then turn to the page listed beside the picture.

For more information on the *Draw-Write-Now*® series, see page 3. For suggestions on how to use this book, see page 6.

Teaching Tips Page 63

Dry lands include deserts, sagebrush lands, scrub lands and brush lands.

Some places are very dry.

Dry land plants need little water.

Lizards warm up in the sunshine.

They cool off in the shade.
