# How to Use

1. Copy the proverb to keep up your printing skills. Take your time and make your writing look just like the model in print.
2. Learn the new cursive letter, then copy the words from the proverb that use the cursive letters you know. As you learn more cursive letters, you'll be able to write more of the proverb in cursive.
3. Copy other cursive words for more practice using the letters you know. Copy beside or underneath the model in cursive, wherever you have enough room to do your best work.

If you need help, check the diagrams on page 4.
